The New Jersey Institute of Local Government Attorneys through its Diversity Committee is presenting a free virtual program on diversity, equity and inclusion. The program will focus on current issues and challenges while providing tools to address biases and develop positive pathways forward. It will explore inherent and historic prejudices you may encounter as you discharge your fiduciary responsibilities in service to both the public and private sectors. These challenges will be explored in unabashed fashion from a practical vantage point while seeking solutions to real life conditions. The panelists all have years of experience in their respective areas of expertise and will share their skills, perspectives and knowledge.

Welcome and Introduction: Hon. Janice Kovach, President of the New Jersey League of Municipalities
